

Evolutionary Developmental Biologist

ASSISTANT PROFESSOR

The Department of Biology (www.biology.usu.edu) invites applications for a 9-month tenure-track Assistant Professor position (50% research, 40% teaching, and 10% service) in **Evolutionary Developmental Biology**. We seek an innovative scientist with research interests in the mechanisms underlying the diversification of developmental processes in model or non-model organisms. Preference will be given to those applicants whose research complements existing strengths in the department and university. Teaching may include Developmental Biology, Genetics, or General Biology.

A Ph.D. is required and postdoctoral experience is preferred. Candidates will be expected to establish an independent, externally funded, and nationally recognized research program; form effective collaborations with other faculty; and contribute to undergraduate and graduate education in the Department of Biology. Implementation of innovative teaching methods is encouraged.

Applicants must submit a cover letter, curriculum vitae, statements of teaching and research philosophy and goals, up to three publications, and the names and contact information for three references. Applications should be submitted at <https://jobs.usu.edu>. For further information or inquiries, please contact Nancy Kay Pierson (NancyKay.Pierson@usu.edu), Search Manager. Review of applications will continue until the position is filled.

The Department of Biology has nearly 50 faculty and offers MS and PhD programs in Biology, Ecology and Neuroscience. The Biology Department guarantees graduate student support for up to six years for all matriculated students. The Department is committed to excellence in research and teaching.

Utah State University includes approximately 25,000 undergraduate and 3,000 graduate students. The USU- Logan Campus is in Cache Valley, a region with 114,000 residents located in a picturesque mountain valley that straddles northern Utah and southern Idaho, about 80 miles from Salt Lake City. Additional information about Utah State University can be found at www.usu.edu.

Utah State University is committed to enhancing multicultural and gender diversity and is sensitive to the needs of dual-career couples. It is an AA/EO employer and encourages application from minorities, women, people with disabilities and veterans.
