

2017 Department of Biology Awards

DAVID B. DROWN SCHOLARSHIP FOR PUBLIC HEALTH

Kailey Leavitt, Public Health

Currently I am a junior majoring in Public Health with an emphasis in Industrial Hygiene and a minor in chemistry. I am the 2016-2017 Vice President of the USU AIHA club and will be serving as the 2017-2018 club President next year. I will be graduating in May 2018, then hope to begin my career as an Industrial Hygienist and obtain my Certified Industrial Hygienist certification. In my spare time I enjoy boating, traveling, and riding my horse.
