

DAVID B. DROWN SCHOLARSHIP FOR PUBLIC HEALTH

KYLIE JOHNSON

PUBLIC HEALTH, SENIOR

A few things about me:

My name is Kylie Johnson and I am currently studying Public Health with an emphasis in Education and a minor in German. My time at Utah State has been filled with many wonderful memories and life-changing experiences. I had the opportunity to study abroad in Graz, Austria, where I became fluent in German and found a love for learning about cultures. This has urged me to focus my education on international health. This summer I will be completing an internship in Piura, Peru, where I plan on teaching health education classes and implementing health programs that will benefit the community. I have begun to learn Spanish in preparation for my internship and am excited to learn more about Peruvian culture. I love the outdoors and am a volunteer with the Outdoor Recreation Program. Some of my favorite activities are rock climbing, canyoneering, hiking, and yoga. I also have enjoyed tutoring and mentoring students in German, English, and the sciences. I will graduate in May 2015 from Utah State and will soon begin preparing and applying for graduate programs. With my studies I hope to improve health systems and disease prevention around the world.
