

*DAVID B. DROWN SCHOLARSHIP FOR PUBLIC HEALTH*

**DANIEL KIDD**  
PUBLIC HEALTH, SENIOR

A few things about me:

Next year, I will begin my senior year at Utah State University, and I am looking forward to it. I have had an enjoyable experience the last three years, and I feel that I have had many opportunities in my life to further my knowledge and education. Some of those opportunities include receiving my Eagle Scout award, being a part of Boy State, and serving a 2 year LDS mission. All of these things have taught me the importance of hard work and have given me the ability to succeed and get things done. I am currently pursuing my bachelor's degree in Public Health with an emphasis in Industrial Hygiene. I feel that I can excel in this area of study, due to my personal motivation to get a good education. While at Utah State I have been able to maintain a 3.8 GPA and hope to continue my last year at Utah State in the same manner. Last summer I was able to get an internship in my field of study with Sinclair refinery in Rawlins, WY. I was able to get a taste of the career field I am going into. And I was able to learn many things and network with many influential people in the industry. I also was selected for an internship this upcoming summer for Chevron in Richmond, CA. I feel as though both of my internships have given me knowledge and experience that set me apart. Beyond my degree at Utah State I hope to find a job in the field of Industrial Hygiene. I also plan to complete my CIH, and obtain an MBA. I believe this will propel me in my professional career.
