</tbody>
</table>

*Please note, monthly payments may be different depending on the amount of working days*

**Graduate Health Insurance**

Graduate Health Insurance is subsidized by the Department, PI, College or Grad School. Students with personal health insurance may opt out of the USU Graduate Health Insurance. To opt-out, a student must submit a request for each semester they are enrolled.

Graduate Health Insurance coverage is split: 80% is covered by the Department/College, Principal Investigator, or University, and 20% is the responsibility of the student.

The Biology Department advocates any additional financial support that can be offered to students.
Non-resident tuition waivers are provided by the University or College/Department for students employed on a graduate assistantship.

To be eligible for an assistantship student must be registered for at least 6 credits or have completed their program of study and be registered for three credits.

*A student can register for 1 credit of Continuing Advisement after the thesis or dissertation is completed and ready to defend.
